

Install

- Download CC User Full Version (ver 2.421)
- Unzip
- Copy to required destination folder : " **Do not** install the program in the default directory of "[C:\Program Files.](#)" eg. **Install in C:\Ve7cc**
- Run "setup.exe"
- Create a shortcut to "ve7cc.exe"
- Click the shortcut
- Fill in the Station Details
- Press the "Connect" button at the top center of the screen.

To update to Ver 3:

First download the file downloader.zip from this website and install into the VE7CC folder created above.

Then open CC User, under Settings Tab Download Ver 3.

The Updater will launch... when it asks if all instances of AR User are closed terminate CC User – the updater will then update the software.
